AMERICAN & FOREIGN PATENTS

R. H. EDDY, Solicitor of PATENTS (Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
NO. 76 STATE, OPPOSITE KILBY ST., BOSTON,

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Bonds, Assignments and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superor facilities for obtaining patents
All necessity of a journey to Washington to procure a patent, and the usual great delay there are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the most capable and successful practicioners with whom I have had official intercourse.
CHAS. MASON," Commissioner of Patents.
"I have no hesitation in assuring Inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,"
Late Commissioner of Patents.
Boston, February 8, 1858.
"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART."
From Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made, on twice rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.

DR. MOTT'S
CHALYBEATE RESTORATIVE
PILLS OF IRON.
An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion of Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.
The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innumerous in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:
In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, Incipient Consumption, Scrofulous Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Chronic Fevers, Pimples on the Face, &c.
In cases of General Debility, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bedridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land.—Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.
In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overreacting; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.
It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.
In Dyspepsia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant Costiveness.
In unchecked Diarrhœa, even when advanced to Dysentery, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.
In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.
In Scrofulous Tuberculous, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.
The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.
In Rheumatism, both chronic and in flammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.
In Intermittent Fevers, it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.
No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.
Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent, free to any address on receipt of the price. All letters, orders, etc., should be addressed

THE DESERTER.

An Anecdote of Napoleon the First.

[From the London Court Journal.]

In the year 1809, Pierre Pitois was sergeant in the twelfth regiment of the line, then quartered in Strasburg. He was a native of that half savage, half civilized part of Burgundy known under the name of Morvan, and his comrades ever spoke of him as a "tough customer." Always the first and last to fire, he had the reputation of liking but two things in the world—the smell of powder and the whistling of bullets.

Now, one day our friend Pierre took it into his head to address a letter to his colonel, in which he applied for leave of absence to go and see his aged mother, who was dangerously ill. He added that his father being seventy-eight years of age, and suffering under a paralytic affection, could not be of any use in nurse-tending the poor woman, and he pledged himself to return as soon as the health of his mother should be restored.

The colonel's reply to Pierre's application was, "that as the regiment might at any moment be ordered to take the field, no leave of absence could be obtained."

Pierre Pitois submitted. A fortnight elapsed, and then a second letter was received by his colonel, in which Pierre informed him that his mother had died without the consolation of giving her last blessing to her only child, and in which he again solicited leave of absence, saying that "he could not state his reason for this request—it was a family secret"—but earnestly imploring the colonel not to "Pierre's second letter was as unsuccessful as the first. The poor fellow's captain merely said:

"Pierre, the colonel has received your letter; he is sorry for the death of your old mother, but he cannot grant the leave of absence you require, as the regiment leaves Strasburg to-morrow."

"Ah! The regiment leaves Strasburg; and for what place, may I ask you?" said Pierre.

"For Austria," replied his officer. "We are to see Vienna, my brave Pitois; we are to fight the Austrians. Is not that good news for you? You will be in your element, my fine fellow."

Pierre Pitois made no reply; he seemed lost in deep thought. The captain caught his hand, and shaking it heartily, he said:

"Why do you not speak, man? Are you deaf to-day? I am telling that, in less than a week, you are to have the pleasure of a set-too with the Austrians, and you have not one word of thanks for the good news; nay, I verily believe you have not even heard me."

"Indeed, Captain, I have heard every word, and I thank you, with all my heart, for your news, which I consider very good."

"I thought you would," said the officer.

"But, Captain, is there no chance of obtaining the leave of absence?"

"Are you mad?" was the reply. "Leave of absence the very day before taking the field?"

"I never thought of that," said Pierre. "We are, then, on the point of taking the field, and at such a time I suppose, leave is never given?"

"It is never even asked."

"It is quite right—it is never even asked. It would have the appearance of cowardice. Well, then, I will not press it any more; I will try and get on without it."

"And you will do well," replied the captain.

The next day the twelfth regiment entered Germany, and the next—Pierre Pitois deserted.

Three months after, when the twelfth regiment, having reaped in the field of battle an abundant harvest of glory, was making its triumphal entry into Strasburg, Pierre Pitois was ignominiously dragged back to his corps by a brigade of gens d'armes. A court-martial is immediately called. Pierre Pitois is accused of having deserted at the very moment when his regiment was to meet the enemy face to face. The court presented a singular spectacle. On the one side stood forth the accuser, who cried:

"Pierre Pitois, you, one of the bravest men in the army; you, on whose breast the star of honor yet glitters; you, who never incurred either punishment or censure from your officers; you could not have quitted your regiment—quitted it almost on the eve of battle—without some powerful motive to impel you! This motive the court demands of you; for it would greatly have it in its power, if not to acquit you—which it ought not, perhaps, either to do or to desire—at least to recommend you to the Emperor's mercy."

On the other side stood the accused, who answered:

"I have deserted without any reason, without any motive; I do not repent. If it were to do again, I would do it again. I deserve death—pass sentence."

And then come some witnesses who deposed:

——

"Pierre Pitols is a deserter. We know it is a fact but we do not believe it."

And others averred:

"Pierre Pitols is mad; the court cannot condemn a madman. He must be sentenced, then, not to death, but to the lunatic asylum."

ARE WE A FREE PEOPLE?

The Constitution of the United States guarantees freedom of volition and freedom of speech to every person within the borders of our national domain. And it is the boast of Americans at all times and every where, that under our government, and our laws, no man is restricted in his acts nor his speech, so long as he violates no law for which he is amenable to the established courts. Advocates of political doctrines and changes, however noxious, (provided they are not treasonable,) or religious views, however repugnant to the feelings of others, are allowed by our Constitution to promulgate them unmolested, if they can find listeners, and are protected in the exercise of what is conceded as their right. It is our boast and pride as a nation that these things are so.

But are they so? Are we in reality a free people—free to speak, to act, and to vote, in any portion of our country as our judgment may dictate, and to go and come as we like? Those who have made themselves familiar with the contents of the newspapers for the past two or three years, can answer this question for themselves. But yet it may not be amiss for us to cite a few instances among a thousand, to show how well this boast of ours is sustained.

The Alexandria *Gazette* says that on Wednesday last, at Fairfax Courthouse, Va., a man named Gartrel, who had voted for Lincoln, was seized by a party while he was coming out of the court house, and carried a short distance from the village, where he was blacked completely with printers ink, mounted on his horse, and started for his house in as uncomfortable a situation as one would wish to be in."

The above is an instance where a citizen, in the exercise of his political rights, as guaranteed him by the Constitution, votes for the candidate of his choice. WE ARE A FREE PEOPLE!

Again, we select the following from the *Boston Journal* of the 14th:

> South Carolina, which arrived here this morning from Charleston, was Mr. W. C. Woods, a graduate of Harvard College. He is another sufferer from the prevailing excitement at the South, although he received no harm otherwise than the loss of a situation, and was generally treated with kindness and consideration. He was engaged as a tutor in the interior of South Carolina, and had just reached that State when the recent disunion fever broke out. Soon after his arrival at the place where his services were required, he found the community very much excited, and was told by his employers and others that perhaps his own safety and comfort would be likely to become endangered if he accepted the position he was to occupy, and advised him to return North. This was said in the kindest manner, and as offer was made to pay his passage home. He accordingly left, and suffered no molestation except on one occasion, when in the railway cars, at which time he was somewhat hustled, but received no harm, as the conductor of the train afforded him protection. He arrived in Charleston in the height of the excitement, and was advised to procure the services of an officer, which he did, and with his consent was placed in the guard house for safety. He immediately took passage on the steamer and returned home."

What crime had this man commited that he should be driven from the country and compelled to seek protection in a guard house from a mob. Even the crime of Abolitionism was not charged against him, nor any "overt act" obnoxious to the laws. *He was from a free state*, and that was his "crime." True he was not treated with violence, and it is even said that kindness was shown him, (being mentioned as an exception to the general treatment of Northerners whose business calls them South.) It is not a very pleasant thing to be turned out of doors, even though it is done with courtesy and "kindness."

One more from the same paper:

> "A young man named George B. Eddy, a pianoforte tuner, was sent out to Augusta, Ga., by one of our largest houses in the trade, at the request of their agent in that city. Mr. Eddy reached Augusta on the 10th of October, and entered the employ of a good Southerner. At one of the houses which he visited, he entered into conversation with two ladies, who appeared to have been instigated by some one to draw the young man out.
>
> He expressed his preference for the Bell and Everett party, but said nothing to warrant the harsh usage which he subsequently received. His replies to interrogatories by the ladies were, however, either falsely reported to the editor of the *Independent South*, a fire-eating newspaper printed in Waynesboro', Ga., or were maliciously construed by him into a bold and defiant attack upon the South and her institutions. An article—being a tissue of falsehoods, with scarcely a statement of truth, therein—appeared in the issue of that paper of Nov. 7, which excited the public against Mr. Eddy, who received the following abrupt and compulsory notice:
>
> AUGUSTA, Nov. 8, 1860.
>
> MR. EDDY:
>
> You are ordered to leave the city immediately for expressing abolition sentiments in Burke county notice the *Independent South* published in Waynesboro where you will see the charge brought against you.
>
> (Signed) MANY CITIZENS.
>
> Mr. Eddy left Augusta on the 8th inst., by a circuitous route, in order to avoid any attentions which might be paid to him, and arrived in this city on Tuesday morning."

Well may we, after reading such instances as the above, ask—ARE WE A FREE PEOPLE?

In another article we shall treat this matter further, contrasting the treatment of Southerners who visit this section of the country with that of our people who travel South.

LOCAL NEWS ITEMS.

A PANIC.—The *New York Tribune* is predicting another panic, similar in its nature and effects to the great revulsion of 1857. The immediate cause of this change lies in the action of South Carolina, Georgia, and other Southern Fire-eating States, whose trading population are largely indebted to the jobbing houses of New York, Boston and Philadelphia, and who make the election of Lincoln a pretext for not paying their debts to the North, while at the same time they cripple the banks in those cities by withdrawing their specie balance therefrom. As these panics are epidemic in their character, we may expect to get a touch of the disease in this vicinity, though to what extent, it is difficult to determine, so that while we hope for the best, it may not be amiss to prepare for the worst, and lay our plans in such a manner as to be best able to weather and ride out the storm.

Newport is so fortunately situated as not to be so susceptible of injury from such causes as most other cities of the same size. Depending as she does mostly upon summer business, and having just experienced an unusually successful season, and moreover having no outstanding debts the failure to receive which would tend to embarrassment, she may rest tolerably secure, let what will befal her differently situated neighbors. There ought at this time to be a considerable cash deposited in the banks of this city, and stowed away in desks, drawers, old stockings, &c., and by pursuing a judicious policy we ought to be able to "fight the tiger" successfully, till a change comes for the better.

MISSING.—Capt. William A. G. Boyd, of brig Beronda, belonging to this port, and now lying in the harbor of Pensacola, Fla., has been missing from his vessel since Saturday, November 4th, and it is feared he has been accidently drowned. Mr. Higgins, 1st officer of brig E. F. Newton, will take charge of the vessel. Capt. Boyd was a resident of this city, and leaves a family.

A MISTAKE.—The rumor that has gained currency in this community, that money has been deposited in bank for the purpose of constructing the railroad from this city to ——, is a mistake. The only money deposited has been a sufficiency to pay the expense of the survey that is being made with a view to a change of route.

AMERICAN FREEDOM.—A gentleman of this city, and a Democrat, who has recently returned from the South, states that he had great fears of violence in travelling the overland route through the Southern States. Beautiful people, those Southerners!

ACCIDENT.—Mr. Charles N. Tilley, Deputy Collector of this port, while chopping wood last Wednesday afternoon, cut the fore finger of his left hand nearly off. Dr. H. E. Turner dressed the wound and thinks he will save the finger.

MOVING A PEG.—The whaling baque Mechanic was yesterday morning "snaked" out of the mud at Long Wharf where she has been lying ever since last Spring, by the steamer Perry, and taken upon the railway for repairs, caulking &c.

TO SMOKERS.—The attention of Smokers is invited to the advertisement of R. S. Barker, in our columns to-day.

An Alabama Political Anecdote.—The Mobile Tribune relates the following "good un:"

"Some years ago, at a time when there was a triangular contest in progress between the Whigs, Old Line Democrats and Fire-eaters, it was announced that the late John Morrissett of Monroe would address the people of that county in behalf of the Whigs. Chancellor Lessene was sent up from Mobile to meet him, as representative of the Southern Rights party. The Chancellor wore straps to his pantaloons (then not a prevalent fashion in Monroe), and having a habit of putting his hands behind him when speaking, and lifting the skirts of his coat, he displayed a large, new brass buckle that fastened his waistband.

"Mr. Morrissett, replying, remarked, in his own peculiar and inimitable vein, that the people of Monroe did not 'need to receive political instruction from Mobile—least of all from a gentleman who wore galloweses under his boots and a breastpin on the seat of his breeches.'"

A poor emaciated man from Danbury went into a New Haven saloon Wednesday to see if he couldn't find something he could relish. Although his appetite was gone, he managed to worry down five oyster stews, one plate of raw oysters, one plate of sausages, a codfish ball, three cups of custard, one large plate of pudding, and drank three glasses of cider and six glasses of ale—filling in the cracks with doughnuts and small cakes. The doctor thinks he will get so he can eat something by and bye.

An old bachelor geologist was boasting that every rock was as familiar to him as the alphabet. A lady who was present declared that she knew a rock of which he was wholly ignorant. "You don't say—just name it, madam," cried Caleb, quite self-possessed. "It is rock the cradle, sir," replied the lady.

LATEST NEWS.

The Southern Convention.

A dispatch from Nashville, Tennessee, dated 14th inst., says that if a Southern Convention is called, Tennessee will take part.

The letter of the Governor of Alabama it was said would be published yesterday. It is similar to that of Gov. Gist, of South Carolina. He is opposed to waiting for other Southern States to act, and recommends immediate secession. The Union men of the State will oppose the letter. A proclamation calling a State Convention will be issued on the 7th of December. The Convention meets on the first Monday of January.

The booksellers of Charleston, and Savannah have returned Harpers' publications, and a movement is on foot to return all Northern publications, unless they are known to be sound.

The New Orleans *Delta* of the 9th states that the exhibition of portraits of Lincoln there so exasperated the people that the exhibitor barely escaped with his life.

Seventy stand of arms have been discovered under the negro cabins on a plantation in Tammany Pariah, Louisiana.

The President, it is said, knows fully all the schemes of the seceders, and will meet the responsibility devolving upon him when the hour for action comes.

A grand Union mass meeting is called to meet at Staunton, Va., on Saturday.

Letters from Louisville say that Union demonstrations are soon to be made by the Bell and Everett men in every county in the State.

From Milledgeville, Ga., we learn that Herschel V. Johnson and Alexander H. Stephens will make Union speeches this week.

The bill appropriating one million dollars to be used at the discretion of the Governor, to put Georgia in a state of defence, passed the House unanimously.

Letters received in Washington from leading politicians in all the border slave States, take strong ground against the legality of secession. The mercantile and moneyed classes are almost unanimous for the Union. Virginia deprecates the precipitate action of South Carolina. Hunter is opposed to secession.

A letter from Stephen Bettey of Topeka, Kansas, to a gentleman at Providence, R. I., where he formerly resided, states that a woman and her five children had been found dead from starvation in that vicinity, and that there were many families with not a week's provision on hand or any means to get more.

[From the Albany Evening Journal Monday.]

The Helper Book.

Now that South Carolina, and the "Firebrands" of other Southern States threaten to Dissolve the Union, we have instituted a rigid personal inquiry into our own course and conduct towards the South. This inquiry results in a conviction, that *with one exception*, we have not, in thought, word or deed, wronged our brethren of the Slave States.

We read the Helper Book, hastily, soon after its publication. It was the work of a Southern man—a native and resident of North Carolina. It contrasted the advantages with the disadvantages of Slavery, proving, as we thought, that the prosperity of North Carolina was retarded rather than promoted by Slavery. When asked, therefore, to aid in the publication of a large edition of a "Compend," we contributed $100.

At Washington, in December last, we first learned that this "Compend" contained the following recommendations:—

1st. Thorough organization and independent political action on the part of the non-slaveholding whites of the South.

2d. Ineligibility of slaveholders—never another vote to the trafficker in human flesh.

3d. No co-operation with slaveholders in politics—no fellowship with them in religion—no affiliation with them in society.

4th. No patronage to slaveholding merchants—no guestship in slave-waiting hotels—no fees to slaveholding lawyers—no employment of slaveholding physicians—no audience to slaveholding parsons.

5th. No recognition of pro-slavery men, except as ruffians, outlaws and criminals.

These recommendations are repugnant to, and in conflict with, our principles, sentiments and sympathies. While these principles, sentiments and sympathies are all in favor of Freedom, they revolt at such modes of warfare. We have never opposed or thought of opposing Slavery by such means; nor have we ever cherished, or intentionally given countenance to such a spirit.

A MONSTER PRESS.—The *Scientific American* thus describes a monster steam press, upon which Moses S. Beach, who has just retired from the New York *Sun*, is at work:

"He is even now just completing the construction of a monster steam printing press, by which the sheets are cut from rolls, dampened, printed upon both sides, at the rate of forty thousand impressions an hour, folded up, counted and delivered from the machine, ready for the carrier and the mail. This machine is as high as a common two-story country dwelling-house, and it will, when finished, if the expectations of its inventor are realized, constitute a most extraordinary specimen of mechanical skill and ingenuity."

THE AMALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and adopt a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "of the head," is now becoming popularized in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage until they seem "native and to the manor born."

'ardly Realised.

Hi 'ad a orrible 'eadache this afternoon, hand I 'stepped into the hapothecaries hand says hi to the man, "Can you 'elp me of so 'eadacha?" "Does it 'asshe 'ard," says 'e. "Hexceedingly," says hi, hand upon that 'e gave me a Cephalic Pill, hand 'pon me 'onor it cured me so quick that I 'ardly realised I 'ad an 'eadache.

☞ HEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, viz: Symptomatic and Idiopathic. Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting *sick headache*, of hepatic disease constituting *bilious headache*, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches: Anæmia and phthora are also affections which frequently occasion headache. Idiopathic Headache is also very common, being usually distinguished by the name of *nervous headache*, sometimes coming on suddenly in a state of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances the pain is in the front of the head over one or both eyes, and sometimes provokes vomiting; under this class may also be named *Neuralgia*.

For the treatment of either class of Headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power eradicating the disease of which Headache is the unerring index.

Bridget.—Missus wants you to send her a box of Cephalic Glue, no, a bottle of Prepared Pills,—but I'm thinking that's not just it neither; —but perhaps ye'll be aither knowing what it is. Ye see she's nigh dead and gone with the Sick Headache, and wants some more of that same as relaxed her before.

Druggist.—You must mean Spalding's Cephalic Pills.

Bridget.—Ochi sure now and you've sed it, here's the quarther and giv me the Pills and dont be all day about it aither.

Constipation or Costiveness.

No one of the "many ills that flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness. Often originating in carelessness, or sedentary habits; it is regarded as a slight disorder of too little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles and others of like nature, while a long train of frightful diseases such as Malignant Fevers, Abscesses, Dysentery, Diarrhœa, Dyspepsia, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy and Insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expel the insidious approaches of disease and destroy this dangerous foe to human life.

FACT WORTH KNOWING. Spalding's Cephalic Pills are a certain cure for Sick Headache, Bilious Headache, Nervous Headache, Costiveness and General Debility.

Cephalic Pills,

Cure Nervous Headache!

Cephalic Pills,

CURE ALL KINDS OF HEADACHE!

By the use of these Pills the periodic attacks of *Nervous or Sick Headache* may be prevented; and if taken at the commencement of an attack immediate relief from pain and sickness will be obtained.

They seldom fail in removing the *Nausea* and *Headache* to which females are so subject.

They act gently upon the bowels,—removing *Costiveness*.

For *Literary Men, Students*, Delicate Females, and all persons of *sedentary habits*, they are valuable as a *Laxative*, improving the *appetite*, giving *tone* and *vigor* to the digestive organs, and restoring the natural elasticity and strength of the whole system.

The CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the *nervous* system or from a deranged state of the *stomach*.

They are entirely vegetable in their composition, and may be taken at all times with perfect safety without making any change of diet, *and the absence of any disagreeable taste renders it easy to administer them to children.*

AT an adjourned meeting of the Corporators of the Methodist Episcopal Church and Congregation, holden the 12th inst., in the Vestry of the church, the Steward was instructed to collect, according to law, all taxes on pews, in said church, which remain unpaid at this date.

The law requires thirty days previous notice that a public sale will take place to cancel the amount of tax and incidental expenses.

In pursuance of the above instructions, I therefore give public notice, that taxes remain at this date unpaid on pews Nos. 1, 4, 6, 10, 14, 19, 27, 28, 32, 35, 41, 43, 44, 50, 63, 67, 76, 78, 81, and 82; and if said taxes, or any of them, remain unpaid the seventeenth day of December next at 12 1-2 o'clock M., such pew or pews will then be sold at Public Auction, on the premises, for the purpose of cancelling the tax and incidental expenses arising from advertising and public sale.

The efficacy of which, has been tested in *hundreds of cases*, and NEVER FAILED to effect a speedy CURE without any bad *result*. The Pills are the result of an extensive *practice*, and not discovered by accident. To *eulogize* their *virtue*, would not *add* to their *merit*. We would only say, *try* them, and they will prove to be what THEY ARE REPRESENTED.

Sent by letter to all parts of the country. Sold only at Dr. ABBOTT'S Office, No. 13 North Main street, Providence, R. I.

N. B.—Ladies should be careful to ascertain whether pregnancy is the cause of the stoppage, if so, the Pills should not be taken, for they would cause them to miscarry. Price $5.00. Full directions accompany each box.

BLOOD RENOVATOR.

IS precisely what its name indicates, for, while pleasant to the taste, it is revivifying, exhilerating and strengthening to the vital powers. It also revivifies, reinstates, and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful to ict, and yet so perfectly adapted to *as to act in perfect accordance with the laws of nature, and hence to soothe the weakest stomach*, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilerating in its effects, and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetables and those thoroughly combining powerful tonics and soothing properties, and consequently can never injure. Such a remedy has long been felt to be a desideratum in the medical world, both by the thoroughly skilled in medical science, and also by all who have suffered from debility, for it needs no medical skill or knowledge even to see that debility follows all attacks of disease, and says the unguarded system open to the attacks of many of the most dangerous to which poor humanity is constantly liable. Such for example, as the following:—Consumption, Bronchitis, Indigestion, Dyspepsia, Loss of Appetite, Faintness, Nervous Irritability, Neuralgia, Palpitation of the Heart, Melancholy, Hypocondres, Night Sweats, Languor, Giddiness, and all that class of cases, so fearfully fatal if unattended to in time, called *Female Weakness and Irregularities*. Also, Liver Derangement or Torpidity, and Liver Complaints, Diseases of the Kidneys, Scalding or Incontinence of the Urine, or any general derangement of the Urinary Organs, Pain in the Back, Side, and between the Shoulders, predisposition to Slight Colds, Hacking and Continued Cough, Emaciation, difficulty of Breathing, and we might enumerate many more still, but we have space only to say, it will not only cure the deathly following Chills and Fever, but prevent all attacks arising from Miasmatic Influence, and cure the diseases at once, if already attacked. And as it acts directly and persistently upon the biliary system, arousing the Liver to action, promoting, in fact, all the excretions and secretions of the system, it will infallibly prevent any deleterious consequences following upon change of climate and water; hence all travelers should have a bottle with them, and all should take a table spoonful at least before eating.

PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR.

Being a tonic, it should be taken on the digestive organs, it should be in the hands of all persons of sedentary habits, students, ministers, literary men. And all ladies not accustomed to much out-door exercise should always use it. If they will they will find an agreeable, pleasant, and efficient remedy against those ills which rob them of their beauty, for beauty cannot exist whilst the above irregularities continue.

Then again, the Cordial is a perfect Mother's Relief. Taken a month or two before the final trial, she will pass the dreadful period with perfect ease and safety. There is no mistake about it, this Cordial is all we claim for it. Mothers! try it! And to you we appeal to detect the illness or decline not only of your daughters before it is too late, but also your sons and husbands, for while the former, from false delicacy, often go down to a premature grave rather than let their condition be known at the time, the latter are so often mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal, for we are sure your never failing affection will unerringly point you to Prof. Wood's Restorative Cordial and Blood Renovator as the remedy which should be always on hand in time of need. O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market Street, St. Louis, Mo., and sold by all good Druggists. Price One dollar per bottle.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

WHAT IT WILL DO.

Dose—One wine glass full as often as necessary.

One dose will remove all Bad Spirits.
One dose will cure Heart-burn.
Three doses will cure Indigestion.
One dose will give you a Good Appetite.
One dose will stop the distressing pains of Dyspepsia.

Persons who are seriously afflicted with any Kidney complaints are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

GREAT INDIAN REMEDY.
For Females.

Dr. Mattison's Indian Emmenagogue;

This celebrated Female Medicine, possessing virtues unknown of anything else of the kind, and proving effectual after all others have failed, is prepared from an Indian Plant used by the natives for the same purpose from time immemorial, and now for the first time offered to the public. It is designed for both MARRIED and SINGLE ladies, and is the very best thing known for the purpose, as it will bring on the Monthly Sickness in cases of obstruction, after all other remedies of the kind have been tried in vain. This may seem incredible, but a cure is guaranteed in all cases, or the price will be refunded.

1000 Bottles

Have been sold in eighteen months, WITHOUT A SINGLE FAILURE when taken as directed, and without the least injury to health in any case. ☞ It is put up in bottles of three different strengths, with full directions for using, and sent by Express, closely sealed, to all parts of the country. PRICES—Full strength, $10. Half strength, $5. Quarter strength, $3 per bottle. Either will cure, but the strongest is the best, as it takes less, and cures in the SHORTEST TIME. ☞ Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES, No. 28 UNION STREET, PROVIDENCE, R. I. ☞ REMEMBER! This medicine is designed expressly for OBSTINATE CASES, where all other remedies of the kind have been tried in vain. Beware of IMITATIONS! None warranted unless purchased DIRECTLY of Dr. M. ☞ Orders by mail promptly attended to. Write your address PLAINLY, and direct to DR. H. N. MATTISON as above.

Dr. Mattison's
REMEDIAL INSTITUTE,
FOR
Special Diseases,
No. 28 UNION ST., PROVIDENCE, R. I.

☞ This SPECIALITY embraces all diseases of a PRIVATE nature both of MEN and WOMEN, by a regularly educated physician of twenty years' practice, giving his WHOLE attention to them. ☞ Consultations by letter or otherwise are strictly confidential, and medicines will be sent by Express, secure from observation, to all parts of the United States. Also, accommodations for patients from abroad wishing for a secure and quiet Retreat, and good care until restored to health. Circulars giving full information with the most undoubted references and testimonials sent by mail. Also a pamphlet on DISEASES OF WOMEN and on Private Diseases generally, sent FREE by enclosing one stamp as above.

To Invalids.

All who have any serious or troublesome disease will very naturally seek advice somewhere, and this leads me to say a few words on the CHOICE OF A PHYSICIAN. And first, LET ALL QUACKS, IMPOSTERS AND HUMBUGS ALONE. If you have an intelligent physician in your vicinity apply to him, and follow his direction for a sufficient length of time, and he will probably cure you; if not, then apply to one who makes your disease a SPECIALITY, for no physician in general practice, no matter how eminently can treat a given disease or class of diseases as successfully as one of the same ability who devotes his whole attention to them. But here let me put you on your guard. ADVERTISING PHYSICIANS, IN NINE CASES OUT OF TEN, ARE IMPOSTORS. Unable to write a single sentence correctly themselves, they copy by the half column the quack advertisements from the Boston Herald, simply changing the names and place of business. They publish FALSE CERTIFICATES of persons who NEVER EXISTED, enticing the unwary into their rooms, and after getting their names and residence, extort large sums of money from them under threats of exposure, or insult them by their coarse and vulgar profanity. There are scores of persons who will read this that can attest to its truth from EXPERIENCE, and yet they are compelled to suffer in silence for fear of exposing themselves. The only security against imposition is in making INQUIRY before consulting ANY ONE. Take no man's word, but ask for the PROOF, one word of which is worth more to you than half a column of extravagant and false ASSERTIONS. If you allow yourself to be fooled by false statements and go blindly into traps set for you without making any inquiry, you will have reason to repent it when it is too late.

☞ DR. MATTISON is the only regular physician in Rhode Island who devotes his whole attention to Private Diseases and Diseases of Women, and he furnishes the most undoubted references and testimonials to all. If there are any others, LET THEM DO THE SAME.

Ice Cream Establishment.

THE SUBSCRIBER begs leave to inform his former customers and the public in general, that he has removed his place of business to his New and Elegant Establishment, Third Door North of the 'Old Stand,' where he is now prepared to furnish Families and Parties of all kinds, who may give him a call, with the choicest of Confectionary's, together with Ice Cream, Water Ices, Pastry, Cake, Fruits and Preserves. Having had an extensive experience of several years, he flatters himself of being able to suit all who may favor him with a call. He is also prepared to furnish to any extent, Parties, Balls, Weddings, &c., with his justly celebrated Ice Creams, Water Ices, and all that pertains to a complete outfit in his peculiar branches. As he has spared neither time nor expense in geting up his new and elegant Saloons, and to make his establishment that which it has always been, "the first in Newport," nothing on his part will be wanting to supply his Patrons and the Public with the best the markets produce; also Icing and Ornamenting of Cakes is executed in a workmanlike manner. All orders in the above line thankfully received and promptly attended to. WILLIAM SISSON, 82 South Touro St., Newport, R. I.

In all acute diseases, such as Fevers, Inflammations, Diarrhoea, Dysentery, Croup, Rheumatism, and such eruptive diseases as Scarlet Fever, Measles, and Erysipelas, the advantage of giving the proper remedies promptly is obvious, and in all such cases the specifics act like a charm. The entire disease is often arrested at once, and in all cases the violence of the attack is moderated, the disease shortened, and rendered less dangerous.

Coughs and Colds, which are of such frequent occurrence, and which so often lay the foundation of diseased lungs, bronchitis, and consumption, may all be at once cured by the Fever and Cough Pills.

In all chronic diseases, such as Dyspepsia, Weak Stomach, Constipation, Liver Complaints, Piles, Female Debility, and Irregularities, old Headaches, Sore or Weak Eyes, Catarrh, Salt Rheum, and other old eruptions, the case has specifics whose proper application will afford a cure in almost every instance. Often the cure of a single chronic difficulty, such as Dyspepsia, Piles or Catarrh, Headache or Female Weakness, has more than paid for the case ten times over.

Despair Not, Relief is at Hand.

CAUTION TO THE AFFLICTED.

Dr. Cudworth,
NO. 3 ORANGE STREET, PROVIDENCE

AFTER an extensive practice for many years, and witnessing the rise and fall of empyricism to almost an alarming extent, owing to the laxity of the laws in large cities, which gives to the mere ignoramus the same privilege of practicing medicine in all diseases incident to the human system, which the most scientific, skilful and experienced physician and surgeon can in any case claim, deems it his duty to caution strangers to beware of certain up-starts, who make great pretensions to the healing art, without so much as a shadow of medical education.

The experience of many years in cases of a venereal nature, in its various forms, will prove beneficial to those suffering from such diseases, and from his practical knowledge of every symptom consequent on, or arising from badly cured cases of Venereal Complaint, he would caution all having any secondary symptoms remaining, to be at once cured properly before it has undermined their constitution, and broken down the intellectual faculties.

LOOK TO YOUR CASE IN TIME Medicine prepared at a moment's notice.

All communications will be promptly attended to.

TO YOUNG MEN—The temptations to which youth are constantly exposed, and the various snares laid to entrap them by the thousand designing are fearfully on the increase in this city of "steady habits." All who may be suffering from any such indiscretions, should bear in mind that the sooner they make their situation known to some practical medical man, the better it will be for their future welfare and happiness. Dr. CUDWORTH can be consulted at all hours to advantage.

YOUNG MEN, YOU CAN BE CURED—Dr. CUDWORTH calls the attention of young men to his splendid and invigorating Compounds, so famous for the cure of the following diseases,

Coughs, Catarrh, Bronchitis, Consumption, Asthma, all diseases of the Chest and Lungs, Dyspepsia, Liver Complaint, Cancer, Scrofula, Erysipelas, &c., Pains in the Limbs and Joints, Dizziness in the Head, Ringing in the Ears, Loss of Memory, Confusion of Ideas, Constitutional Debility, Want of Rest, Loss of Appetite, Cold Hands and Feet, Rush of Blood to the Head, Melancholy Forebodings, Trembling in the Stomach, Palpitation of the Heart, Pain in the Sides and Back, and all symptoms caused by Seminal Weakness, or any other complaints which indiscreet persons are subject to.

BE WISE—When afflicted with a certain disease do not spend your money to have your health ruined by taking a host of medicines, such as mixtures, extracts, specifics, antidotes, etc., that are advertised as certain cures, which will only drive the unfortunate victim almost to despair. Call at once on a physician who will cure you in a few days.

CONFIDENTIAL—Ladies or gentlemen requiring medical advice or treatment arising from any cause, would do well to banish all present diffidence and make an early application to Dr. Cudworth. The Doctor's long and successful practice, together with the marvellous cures, are unquestionable guarantees of his skill and ability.

DR. CUDWORTH'S FEMALE SPECIFIC—This remedy, which has been so successfully used in all cases of Suppression and Irregularity incidental to married and single ladies, is only to be procured at his office, No. 3 Orange street, Providence, R. I.

The testimony as to the invaluable virtue of this curative over all others, is incontestable.

Sent by mail to all parts of the Union, or by express. All letters enclosing $1 for advice, duly attended to.

WORCESTER, Dec. 15, 1859.

DR. CUDWORTH—*Dear Sir:*—I have experienced so much benefit from your remedy, that I beg to tender you my most sincere thanks.

I am sir, respectfully, MRS. E. M. M.

Open day and evening from 8 a. m. to 8 p. m., corner of Westminster and Orange streets up stairs.—Address
